

# Washers Nuts Bolts

Washers  
Sample code:  
•BNW6• 6mm

# Washers Nuts

Nyloc nuts  
Sample code:  
•BNL6• 6mm

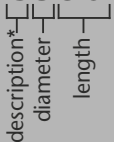

Standard Nuts  
Sample code:  
•BNN6• 6mm

Capscrews – button head  
Sample code: •BNBH530• 5x30mm

*DPE stocks an immense range of bolts, nuts and washers for every possible karting application. From capscrews to bolts, flat or countersunk washers to nyloc nuts, DPE offers a wide choice in size, and specifications.*

### Guide for selecting correct size of bolts, nuts & washers:

•BNC860•

\*Description codes as follows:  
H – hex                    BH – button head  
C – countersunk        W – washer  
N – standard nut        L – nyloc nut

Concult DPE Price List for full details of sizes and specifications available

Hex Bolts – short  
Sample code: •BNH820• 8x20mm

Capscrews  
Sample code: •BN635• 6x35mm

Capscrews – countersunk  
Sample code: •BNC850• 8x50mm

Hex Bolts – long  
Sample code:  
•BNH1290• 12x90mm

**Brake Hubs – Alloy/Silver**

- BRDH25**• (25mm)
- BRDH30**• (30mm)
- BRDH35**• (35mm)
- BRDH40**• (40mm)

Also available:

- BRDH306**• & •**BRDH356**•  
(fully machined both sides)

**Steel Rookie  
Brake Disc**

- BRDRO**•  
100mm ID, 195mm OD,  
5.5mm width

**Cast Iron  
Brake Disc**

- BRD1006**•

100mm ID, 205mm OD,  
5.5mm width

- BRD100**•

100mm ID, 215mm OD,  
5mm width

**Hire Kart Brake Disc**

- BRDHK**•

116mm ID, 218mm OD,  
5mm width

- BRDHK100**•

100mm ID, 213mm OD,  
5mm width

**Radial Vented Brake Disc**

- BRD100R**•

100mm ID,  
215mm OD,  
12mm width

**Radial Vented  
Front Brake Disc**

- BRDFL**• left

- BRDFR**• right

100mm ID, 160mm OD,  
10mm width

# BRAKE DISCS & HUBS

## Brake Hubs – Billet Alloy

- BRDH40D**• gold 40mm
- BRDH40DP**• purple 40mm  
6mm & 8mm keyways
- BRDH50**• purple 50mm  
8mm keyway

## Radially Vented/Drilled Brake Disc

- BRD100R6**•  
100mm ID, 205mm OD,  
12.5mm width
- BRD12**•  
100mm ID, 210mm OD,  
12.5mm width

## 'Radically Cool' Brake Disc

- BRD18**•  
100mm ID,  
205mm OD  
18mm width

*Is there no stopping  
DPE's innovation?*

*As well as manufacturing a  
range of discs and hubs to suit most  
karts and applications, we also produce  
our own legendary radial vented 'Radically  
Cool' Brake Disc •BRD18• (above). Its  
unique design and construction ensures  
you'll never have to worry about brake  
fade again – yet it weighs less than 1.0kg.  
Match it to our striking Billet Alloy Brake  
Disc Hubs and you'll stop the opposition in  
their tracks every time!*

NOTE: P.C.D. of all discs and hubs is 114mm,  
except BRDHK which is 135mm

# BRAKE and THROTTLE CABLE & parts

•CABX8•  
Brake Cable,  
including clevis

•CABMS•  
Short Mechanical  
Brake Cable, 395mm  
to suit caliper •BDMC01•

•CAT1R• red  
Throttle Cable,  
universal

•CABML•  
Long Mechanical Brake  
Cable, 1140mm to  
suit caliper  
•BDMC01•

Product Code	INNER diameter	INNER length	OUTER length	End Fitting	
•CABH•	2.5mm	2000mm	1680mm	8mm ball

•CAT1T• Teflon inner	1.3mm	1450mm	1100mm	2.9 x 5mm	
•CAT1L•	1.1mm	1650mm	1370mm	2.9 x 5mm	
•CAT1R•	1.1mm	1400mm	1100mm	2.9 x 5mm	
•CAT2•	2.0mm	2170mm	1830mm	6.5mm ball	

•CAT1• black  
Throttle Cable,  
universal

Also available:  
•CAT1L• black  
Extra long Throttle  
Cable, universal

•CABMO•  
Mechanical  
Cable outer only,  
length 400mm

# LES

*Whether you're stopping or going, often the only thing linking your foot to the throttle or brakes is a thin strand of cable, so you want to make sure it's the best! DPE has brake and throttle cables available for every level of karting, along with all the required hardware to fit and use them. All cables are manufactured from high quality steel strand wire, for maximum strength, reliability and durability, and have only the best fittings.*

**•CABH•**  
Brake Cable for  
•BHC1• (Hire Kart  
Mechanical  
Caliper)

**•CAT2•**  
Throttle Cable  
for hire karts,  
extra heavy duty

Cable
