EK
ENUMA CHAIN

Your kart chain is the only thing between the engine and the wheels, so don't make the wrong choice! EK, DID and Rolon combine the very best materials and workmanship to produce the best racing kart chains available.

Don't fit an inadequate chain to your expensive kart... Choose EK, DID or Rolon!

NOTE: Consult Owners Manual for proper chain specification and installation. Improper selection and/or use may cause kart damage or personal injury.

Guards fit both Yamaha
KT100S & KT100J engines
